The Doctor's Post

It's time to nail your colours to the wall ...

As we continue to gain traction in reaching the underserviced segments of the market with products such as the app-based **TymeHealth service** marketed by **TymeBank** and **BeWell** from Standard Bank, we are becoming increasingly focused on getting closer to our members and you, our valued healthcare professionals.

Last year you generously provided us with feedback and input on the National HealthCare Group patient charter, which serves as an emblem of our mutual commitment to the development of quality healthcare access. We now invite you to display the charter in your practice.

If you have not as yet received your framed patient charter please contact our provider specialist, **Gisela Brettschneider** and we will arrange to get it to you as soon as possible.

Here's a peek at the new signage and framed healthcare charter, which is now proudly on display at the practice of Dr LC Muller in West End, Gqeberha.

Scan the barcode to join the Doctors' Newshub

Just a reminder that The Doctors' NewsHub, our dedicated news group , is now live.

It is easily accessible to you via **WhatsApp.** All you need to do to join the NewsHub – where you can access the latest news and important information from **National HealthCare Group** – is to scan the QR code below.

Remember, this is a closed, 'broadcast only' group where only the administrators can post news updates to ensure that you will not be inundated with irrelevant information and commentary.

Keep this link handy https://bit.ly/3I8uUmd to visit our Newsroom on the National HealthCare website for back copies of The Doctor's Post, The Bulletin. While on the website please have a look at our products and other information that may be of interest to you.

Cheerio for now! ■

Best wishes
Dr Reinder Nauta and Patrick Lubbe
