

# The Doctor's Post

*Don't you find that there's no better way to beat the winter chill than by keeping busy? We've certainly been doing that over at National HealthCare Group where new developments are constantly happening. Most recently, we've forged what promises to be a fruitful partnership with Old Mutual and GENRIC Insurance.*

**A**lways on the lookout for new avenues of business for your practice, we are delighted to have signed this agreement with Old Mutual Health Solutions, which is underwritten and administered by GENRIC Insurance, a wholly-owned subsidiary of Old Mutual Insure. GENRIC is a leading provider of both "off-the-shelf" and tailor-made solutions for corporate

employers looking to provide both primary and tertiary healthcare benefits for their employees.

As these accident and health insurance products fall within the ambit of the business of medical schemes, they are exempted by the Council for Medical Schemes from conducting the business of a medical scheme in

terms of Section 8(h) of the Medical Schemes Act No. 131 of 1998. Given the strength of the National HealthCare administration arm and the expanse of our provider network, this will no doubt be a rewarding new partnership for all.

As ever, we seek to address the healthcare needs of those South Africans who are employed but uninsured and we are delighted at this opportunity to further increase our pool of new patients.

We know that you will warmly welcome these new members to your practice by accepting their membership cards, so that they may benefit from the professional healthcare services that we so deeply value.

Just a heads up - the list of **Old Mutual Health** products include:

- **Comprehensive Standard**
- **Golden Hour Plus Hospital Plan**
- **Primary Standard Plus Hospital Plan**

We thank you for your ongoing support and look forward to seeing the positive outcomes of this development unfold.

**Reminder:** The Bulletin, can now be accessed via the dedicated National HealthCare Group Doctors' Newshub which is now live and is easily accessible to you via **WhatsApp**. This is a closed, 'broadcast only' group where only the administrators can post news updates.

Please join the NewsHub by scanning the QR code. You can also access the Doctor's Post via the **National HealthCare Group** website by following this link <https://bit.ly/3Xg2VFe>.

## *Best wishes*

Dr Reinder Nauta and Patrick Lubbe
