

# The Doctor's Post

## The signs are there ...

**T**he first new National HealthCare Group signage is up on display! Here is a glimpse of what lies in store for you should you opt to get the new National HealthCare Group signage installed at your practice.

Congratulations to Dr V.T. Peters in Mountain View Kariega and to the Ntsane Health Centre, which is the practice of Dr M.J Ntsane in Kwa Nobuhle. The signage placements at these practices were looking so good that we could not resist sharing these photographs with you.

If you are keen to display the new National HealthCare Group signage at your consulting rooms and have not as yet been contacted please reach out to our provider specialist, **Gisela Brettschneider** via email:

[gisela@nationalhealthcare.co.za](mailto:gisela@nationalhealthcare.co.za) – why not strike while the iron is hot? We are looking forward to hearing from you.

## Join the National HealthCare Group Doctors' Newshub

The Doctors' NewsHub, our dedicated news group, is now live and is easily accessible to you via **WhatsApp**.

All you need to do to join the NewsHub is to **scan the QR code below**. Remember, this is a closed, 'broadcast only' group where only the administrators can post news updates.

If traditional methods of communication are more your style please rest assured that you will still be receiving our regular emails while our newsletters, such as The Bulletin, can be accessed via the **National HealthCare Group website** by following this link <https://bit.ly/3Xg2VFe>.

Over and out, for now! ■

## Best wishes

Dr Reinder Nauta and Patrick Lubbe
